

COFFEE KLEEN

CLEANING POWDER

COFFEE MACHINE CLEANING POWDER

Art.-No. 90.001.075 900g

12 cans per carton, 840 cans per pallet

- Removes coffee residues and oils
- Gentle on materials
- For all coffee makers and machines

APPLICATION RANGE:

The COFFEE KLEEN CLEANING POWDER removes residues and deposits such as coffee oils and greases in the brewing system reliably and quickly. The highly effective formula is gentle on materials, maintains and protects coffee machines and provides for a consistently high-quality coffee.

INSTRUCTIONS FOR USE AND DOSAGE:

Device cleaning (normal soiling): 4g to 1 l of water

Device cleaning (heavy soiling): 8g to 1 l of water

For cleaning portafilters and drain valves of espresso machines.

1. Insert the sieve into the portafilter and add 4 g cleaning powder.
2. Clamp the portafilter in place.
3. Run hot water through it for approx. 10 seconds. Repeat the process 5 times.
Alternatively, start the automatic cleaning programme.
4. Remove the portafilter. Switch on the dispensing unit and rinse the portafilter with hot water from the dispensing unit.
5. Re-clamp the portafilter and rinse it again. Prepare an espresso and dispose of it.

For cleaning sieves and portafilters in a water bath:

1. Add 4g cleaning powder to 1 l hot water.
2. Place the sieves and portafilter holders in the solution and leave to soak for approx. 15 minutes.
3. Then rinse thoroughly with running water.

Please observe the cleaning instructions in the user manual of the manufacturer. For professional use only. No liability can be accepted for improper use and any resulting damage. The product should only be used as intended and kept out of the reach of children.

TECHNICAL DATA:

Form: white powder
Odour: characteristic
Bulk density: 970-1070 kg/m³
pH-value in 1% dilution: 11

INGREDIENTS:

15-30%: oxygen-based bleaching agents

Stability: at least two years in original containers
