12 cans per carton, 840 cans per pallet

- Eliminates scale and deposits
- Gentle on materials
- For all coffee machines and hot water appliances

APPLICATION RANGE:

The COFFEE KLEEN DESCALER TAB combats limescale and deposits in coffee machines and hot water appliances. The highly effective formula is gentle on materials, maintains and protects.

INSTRUCTIONS FOR USE AND DOSAGE:

Coffee machines: 1 tab per 0.5 L of water (2 tabs for very heavy soiling)

Hot water appliances: 1 tab per 0.5 L of water (2 tabs for very heavy soiling)

Coffee machines: Fill the machine with about 500 ml of water and add 1 tab to the water tank of the machine, 2 tabs for very persistent scale deposits. After dissolving the tab, switch on the machine and let the solution run through. Then rinse the machine with several cycles of clear water.

Hot water appliances: Fill the machine with 500 ml of water (max. up to 1/2) and use 1 tab, in case of very persistent scale deposits use 2 tabs. After dissolving the tab, heat the water to just before boiling point (do not boil) and leave the solution to soak in for about 10-15 minutes. Then rinse the appliance thoroughly with clear water.

Please observe the instructions for descaling in the user manual of the manufacturer. Do not use for galvanised and enamelled devices, except for acid-resistant enamel. Regular descaling improves the functions of your appliances. Do not ingest the descaling solution or any products dispensed during the descaling process. For professional use only. No liability can be accepted for improper use and any resulting damage. The product should only be used as intended and kept out of the reach of children.
